

**Subject: Council Policy Recommendation**

**Policy No.: 800-0005**

**Effective Date: 03/13/2017**

**Mayor's Signature:** \_\_\_\_\_

**Background:**

**Georgia EPD standards require the adoption of a local recycled water policy for new drive-through car washes. This standard is in place as a tool to aid in the conservation of water resources and has become a national industry standard practice.**

**Policy:**

**Newly constructed drive-through car washes are required to implement a water recycling system as a prerequisite for establishing water service at the facility.**
